VOLUME 5, NO. 11.

BRAINERD, MINN., THURSDAY, JUNE 15, 1905.

PRICE TWO CENTS

## Your Dollar

if brought to this store will cover more good quality in the way of groceries than at any other store in town. Remember, a dollar that isn't working all the time isn't well. What we all want to do is to keep up the circulation of the dollar. When your dollar gets into this store, it doesn't have to take off its coat and get all out of breath climbing after things. Our goods are priced way down.

## Our Proposition

is to sell you better goods for less money than you'll pay elsewhere. We sell only the kind of groceries that will make friends. Don't you want to test our friendship?

Home Brand canned fruits, vegetables, jellies and jams cost more and are worth more than the 9c and 15c kind that are sold so much in Brainerd. We have just received a large order of canned meats, veal loaf, beef loaf, Blue Label canned chicken, deviled ham, sardines, club house cheese, and all kinds of picnic goods, bananas, oranges, pine apples, lemons, peaches, cherries and plums.

Trial of Banker Clement.

St. Paul, June 15.—Thomas B. Clement, president of the First National bank of Faribault, which failed last February, will be placed on trial in the United States district court before Judge Lochren next Wednesday, June 21. Mr. Clement entered a plea of not guilty to each of the twenty-seven counts in the indictment and an effort was made to have the trial set for the December term of court, but Judge Lochren set the case for next Wednesday.

New Airship Works Well.

Berlin, June 15.—Count Spedelin has constructed a new airship with which he has made a successful trial trip, sailing from Manzel, on the north shore of Lake Constance, to Romanshorn, on the south shore of the lake, in three hours.

## THE POINT AT ISSUE

BELLIGERENTS HAVE TROUBLE  
IN AGREE UPON MEETING  
PLACE OF ENVOYS.

## WASHINGTON MAY BE CHOSEN

THE HAGUE AND GENEVA ARE  
THE ONLY OTHER CITIES SE-  
RIOUSLY CONSIDERED.

Washington, June 15.—Gradually the negotiations for peace in the far East are nearing a focus. The one point to which the energies of those directly concerned in them now are being directed is the choice of a place for the holding of the conference of the plenipotentiaries of the belligerent powers.

It is known officially that three cities are now under consideration by Russia and Japan. These cities named in the order of the likelihood of their final selection are Washington, The Hague and Geneva. Thus far no decision has been reached.

Paris and London have been eliminated from the equation. It is understood that the Russian government objects to an Asiatic city, its preference being for some European capital. After objecting to the holding of the conference in Paris, the Japanese government expressed a willingness to consider other places which afforded adequate facilities, although it is assumed that Japan's preference would be some far Eastern city, practically within the theater of war. Finally, however, the selection seems to have narrowed down to the three cities named. Objections have been made by the Japanese to The Hague, but it is not believed these objections are fundamental or unalterable. However, as the situation now is, Washington appears to be the city most likely to be selected. It can be said on authority that if the conference is held in the United States it will be in Washington. No other place in this country has been considered seriously.

An announcement of the selection of the place of holding the conference is expected within a few days.

## DIPLOMATS ARE REASSURED.

Informed That Publication Did Not Reproduce Exact Text of Note.

St. Petersburg, June 15.—Every foreign minister and ambassador now in St. Petersburg attended a reception given by Foreign Minister Lamsdorf Wednesday afternoon. Several diplomats who displayed some nervousness earlier in the day over the concluding clause of the Russian foreign office's communication to the Gazette (saying the imperial government has "no objection in principle" to the meeting of plenipotentiaries proposed by President Roosevelt) "if the Japanese government expresses a desire therefor," were reassured after talking with the foreign minister and learning that the communication did not reproduce the exact text of the note.

The foreign office is in constant communication with Count Cassini, the ambassador at Washington, but beyond the statement that nothing has been arranged it vouchsafes no information. The chances of the meeting taking place in the United States, however, seem to have vanished. As announced in press dispatches Sunday the choice of Russia is Paris, owing to the desire to have M. Nefidoff, ambassador at Paris, who participated in the making of the treaty of San Stefano, as one of the plenipotentiaries; but if Paris should not be acceptable to Japan, Russia is disposed to the selection of The Hague.

The principal objection to Manchuria is the time which would be necessary to get the negotiators to the scene.

It is understood that the first task of the plenipotentiaries will be the conclusion of a limited armistice. This must come soon in order to avoid a general engagement, which reports from the front indicate that Field Marshal Okuma is already launching.

The court at the end of the week will remove from Tsarskoe Selo to Peterhof, where the emperor and his immediate family will occupy the Little Palace for the remainder of the summer.

## WASHINGTON ELIMINATED.

Will Not Be Chosen as Meeting Place of Negotiators.

Paris, June 15.—The St. Petersburg correspondent of the Journal says that in the course of an interview, M. Nerakoff, the Russian under minister of foreign affairs, said that Washington would not be chosen as the place of meeting of the Russian and Japanese peace negotiators. President Roosevelt not desiring to have any part in the negotiations after bringing the plenipotentiaries of the two belligerents together. M. Nerakoff, the cor-

spondent says, is inclined to the choice of Paris or The Hague, or even Manchuria.

Cheerful Hint for Nebogatoff. St. Petersburg, June 15.—The Liberian paper Nashna Shish, without mentioning Rear Admiral Nebogatoff, prints prominently a translation of Daudet's historical sketch of John Byng, the English admiral, who in 1757 was shot on the quarter deck of his own ship for cowardice.

## TRAIN HITS AN AUTOMOBILE.

Two Persons Killed and Two Others Badly Injured.

Middletown, N. Y., June 15.—An automobile occupied by Mr. and Mrs. Richard S. Sayer of Englewood, N. J., and their two sons was struck by an Erie train near Goshen. Mr. and Mrs. Sayer were instantly killed and their sons were hurled several feet, striking near the tracks. They are not expected to survive their injuries. The chauffeur saved his life by jumping before the train struck the automobile.

Mr. Sayer, who was president of the Rider Engine company, was accompanying his family on a trip to their summer camp at Warwarsing. Mr. Sayer was sitting on the front seat of the automobile alongside the chauffeur as the crossing was reached. Witnesses of the tragedy say that several persons called to the party not to attempt to cross the tracks ahead of the train. They declared that Mr. Sayer, however, ordered the chauffeur to proceed.

Just as the automobile reached the tracks the train appeared. The chauffeur attempted to turn the machine from its course, but before it had been swerved sufficiently the train struck it with terrific force. Mr. and Mrs. Sayer were hurled under the train and instantly killed. Their two sons were picked up from beside the tracks. They were brought to this city and placed in a hospital, where it is said they probably will die.

## PROPOSED CHANGE DEFEATED.

No. 2 Northern Wheat Will Not Be Contract Grade in Minneapolis.

Minneapolis, June 15.—The vote Wednesday on the amendment to make No. 2 Northern wheat contract grade at the chamber of commerce resulted in the proposed change being defeated.

A two-thirds vote was necessary to carry. Out of a total of 407 votes cast, 225 were for the change and 182 against.

The interest which the amendment aroused among members is shown in the large number of votes cast. Out of a membership of 550 only 143 members failed to express themselves. This is quite a remarkable showing as memberships are scattered from Winnipeg to New York and St. Louis. Quite a number of nonresident members were present. Duluth sent several, Chicago one, and several country millers owning memberships were present. This is the third attempt made to bring the measure before the organization.

## BRITAIN LOYAL TO FRANCE.

Refuses to Join International Conference on Moroccan Situation.

Fez, Morocco, June 15.—Great Britain's reply to the sultan's invitation to that country to join an international conference on the Moroccan situation, which has been handed to the government, consisted of a categorical refusal. This is the first reply to be received by the foreign office and is quite unmistakable in terms, showing the loyalty of Great Britain to her agreement with France. Count Von Tattenbach-Ashold, head of the German mission to Morocco, has handed in the reply of Germany accepting the invitation.

It is expected that the reply of the French government will be the last to be received in order that France may emphasize her refusal to comply with the sultan's request.

## DESPERADO SHOT BY SHERIFF.

Terrorizes Freight Train and Meets Death at Williston, N. D.

Williston, N. D., June 15.—A man supposed to be Henry Wandrei of Great Falls, Mont., was shot in the head by Sheriff Markell here and died in two hours.

The dead man, with a companion, was in a boxcar of the Great Northern freight that arrived here at noon. The conductor of the train had wired ahead asking for assistance and upon arrival here the sheriff opened the door of the car and ordered the men to throw up their hands. They refused and prepared to fight, when the sheriff fired.

Wandrei had been shooting up the train all night whenever one of the crew appeared.

## RAINY SEASON IN MANCHURIA.

Mud Is Deep But Japs Expect to Keep on Fighting.

London, June 15.—The Japanese correspondent of the Daily Telegraph at Moji, Japan, says:

"The rainy season has started in Manchuria and the mud in the roads is knee deep, but this will not interfere with military operations, glad tidings of which may be expected within a few days."

## BEFORE GRAND JURY

JOHN C. DRISCOLL TESTIFIES IN REGARD TO STRIKE TROUBLES IN CHICAGO.

## PROCEEDINGS KEPT SECRET

BUT IT IS SAID WITNESS DID NOT TELL VERY STARTLING CORRUPTION STORY.

Chicago, June 15.—John C. Driscoll, the much desired witness in the bribery probing conducted by the state's attorney and the grand jury in connection with strike troubles in Chicago, appeared before the inquisitors in the afternoon and for three hours was subjected to close questioning. The proceedings were kept secret, but it was said that Driscoll did not tell all the startling stories of corruption accredited to him Tuesday. At the adjournment of the jury at night, Assistant State's Attorney Wake said he was well pleased with the results thus far obtained from Driscoll. The latter is to be recalled in the morning and he was cautioned against making any statements as to what transpired within the jury room or discussing the nature of his testimony.

Driscoll did not appear at the criminal court building until the state's attorney had threatened to send detectives after him. Before going before the jury Driscoll was in conference with State's Attorney Healy. Driscoll agreed to tell what he knew of strikes, especially as to the methods pursued in settling labor controversies.

Driscoll's evidence covered the historical points in connection with various labor organizations and he told in detail of the work he had done in forming the Coal Teamowners' association, as well as the connection of Albert Young, formerly president of the teamsters' union, with that organization.

He told of specific strikes, the causes, the terms of settlement and the amounts of money which were, he declared, paid to various labor leaders.

Albert Young, ex-president of the teamsters' union, occupied the stand in the afternoon in the hearing before Master in Chancery Sherman. Much of the day was taken up by altercations between the attorneys.

Young was asked a long line of questions and in almost every instance he refused to answer, declaring he was afraid of self incrimination. The hearing will be continued.

Edward Hines, president of the Lumbermen's association, during the day submitted to President Shea of the teamsters' union terms of settlement which were practically identical with those announced some time ago by the employers. Shea declined to consider them.

Arthur Tall, a union driver, was shot in the afternoon by a policeman who was escorting a lumber wagon, and fatally hurt. Tall jeered the officer and driver and the policeman drew his revolver and shot Tall in the back.

## ANOTHER CHANCE FOR HOCH.

Case of Alleged Bluebeard May Be Taken to Supreme Court.

Chicago, June 15.—"Bluebeard" Johann Hoch, who was sentenced to be hanged June 23 for the murder of one of his numerous wives, may be given one more chance to escape the gallows. His case may be taken to the supreme court of Illinois. In a conference held here Governor Deeney assured counsel for Hoch that in case the state's attorney's office is assured by June 21 that sufficient money is forthcoming to provide for the preparation of the necessary record a reprieve will be granted until the October term of the supreme court. The sum needed is \$700.

The governor said he had no wish to interfere in any way with the carrying out of the verdict but he wished to give the accused every right afforded by the law.

## NORWAY WILL BE FREE.

Indications Point to Bloodless Dissolution of Union With Sweden.

Stockholm, Sweden, June 15.—The attitude of the laboring classes is likely to prove a potent factor in overcoming any possible disposition on the part of a section of the riksdag to suggest the adoption of coercive measures towards Norway and in influencing the chamber in favor of accepting the dissolution of the union of Norway and Sweden. Swedish labor unions are daily telegraphing to Norwegian unions saying they will refuse to take up arms and the Social Democratic party has issued a proclamation to the working classes reading:

"It becomes more apparent daily that the upper classes and reactionary newspapers are attempting to cultivate a sentiment hostile to Norway with the view to calling the people to arms against her in her struggle for liberty."

## General Synod of Lutheran Church.

Pittsburgh, June 15.—The forty-second biennial convention of the general synod of the Evangelical Lutheran Church of America, opened at night in Bethany Lutheran church. Delegates to the number of 275, representing 6,000,000 communicants, are present from all parts of the United States.

Galesburg Ill., was chosen for the next place of meeting.

## MANIFESTING DEEP INTEREST.

### President Roosevelt Studying Chinese Exclusion Trouble.

Washington, June 15.—President Roosevelt is manifesting deep interest in the statements made to him last Monday by a delegation of members of the American Asiatic association concerning the difficulties which have been experienced by Chinese merchants, students, travelers and literary men in gaining admission to this country. The complaints of the Chinese government about the alleged humiliation to which members of this class of Chinese are often subjected upon their arrival in the United States, together with the threats of the commercial guilds of China to retaliate by boycotting American made goods have aroused the business men of this country to protest against what they have regarded as unreasonable discrimination in the enforcement of the Chinese exclusion laws.

In a letter to Secretary Metcalf of the department of commerce and labor, the president directs him to see that the officers exercise discretion in the enforcement of the exclusion law, to the end that the relations of this government with China may continue to be cordial. Great difficulty is experienced by the immigration officials in executing the law because of the many bogus certificates which are presented by Chinese. It is well known that a Chinese coolie may purchase in China a certificate that he is a merchant or traveler or a member of one or the other of the exempt classes. On its face the certificate entitles him to admission to the United States. So many frauds have been discovered in the matter of these certificates that the immigration officials examine all of them most carefully. That fact accounts for the trouble experienced by genuine merchants, travelers, etc., when they arrive at United States ports.

Thus far no feasible plan has been worked out to remedy the trouble of which the Chinese complain.

If you are charitably inclined and desire to leave your fortune to be used for charitable purposes, don't make a will to that effect but give it away before you die, otherwise the bulk of your savings is liable to be spent in litigation. The court has just decided that the attorneys who handled the litigation in the A. H. Wilder estate are entitled to \$85,000 for fees. Wilder left his property to charity, but a large share of the "charity" went to the attorneys.

THE Indians are celebrating the 37th anniversary of the settlement in the White Earth reservation and the dispatches state that in the big parade in which 600 Indians participated the braves were mostly clothed with breech clout and tobacco bag only. Over 1,000 White Earth Indians are in attendance and a big sham battle will be one of the features. If a couple of barrels of fire water were to be distributed judiciously just previous to this battle it might help to solve the Indian problem in the northwest.

The suggestion is made that many of the country papers are using much more energy and space in telling the people why they should trade at home than are the merchants who are the ones to reap the benefit, and there is considerable truth in the statement. When the people know that they can buy of the home merchant as cheaply as they can of the mail order house and see what they are getting when they make the purchase they will spend their money with the home merchant, and the only way to educate them is by judicious advertising. Brainerd has several merchants who are taking advantage of this fact and their business will attest to the truth of the statement.

JUST WALKED HOME WITH HER

But This Was Considered a Breach of Family Relations by Much Worked Up Husband

There was a case of assault in the municipal court this afternoon wherein Robert Bourquin charged Clarence Olson with swinging on him. It seems that Olson, who is a fireman between her and Duluth, met Mrs. Bourquin last evening and being an old friend of hers walked home with her. He was met half way by an infuriated husband who proceeded to administer the law. In court this afternoon Bourquin himself testified that he got the better of his man and knocked him down so Olson was discharged.

Now it is said that Olson will have Bourquin arrested charged with assault.

SETBACK FOR MAYOR WEAVER.

City Council Committee Sends Bills to Solicitor for His Opinion.

Philadelphia, June 14.—Amid the cries of "thieves" and "crooks" and under the protection of a squad of police, the committee on street railways of the city councils during the day referred to the solicitor for his opinion as to their legality, four bills repealing ordinances granting street car companies the right to use 110 miles of street to lay tracks on without the city receiving any compensation for the franchises. The meeting was in all respects as sensational and as stormy as that held by the committee on franchises some weeks ago, when the gas lease was under consideration.

The "repealers" were introduced at the instance of Mayor Weaver and the action of the committee is the first setback the mayor has received since the inauguration of the reform movement which began with the fight on the gas lease.

Another sensation in the political situation was the arrest of Frank H. Caven, select councilman from the Thirty-fourth ward, on the charge of violating his councilmanic oath by being interested in city contracts. He was held in \$10,000 for further hearing. He denies the charge.

The fight over the street car franchises promises to be a warm one before it is finally over.

One Jockey Killed and Another Hurt.

St. Louis, June 14.—Jockey Hector on Welllesley was killed and Jockey Morris on Dr. Clark was seriously injured in a mixup during the steeple-chase at the American Jockey club track. The horses fell near the half mile pole and when assistance reached the two boys Hector was dead. Neither horse was injured.

Huge Task.

It was a huge task to undertake the cure of such a bad case of kidney disease, as that of C. F. Collier, of Cherokee, Ia., but Electric Bitters did it. He writes: "My kidneys were so far gone,

## TEMPLEMAN IS PRESIDENT

But it Took Seventeen Ballots to  
Land Him at Head of the  
State Federation

CONVENTION CLOSED LAST NIGHT

One of the Most Interesting Ses-  
sions Ever held in the History  
of the Organization

### THE OFFICERS

President—William Templeman, St.  
Paul.  
First Vice President—R. C. Kutz,  
Brainerd.  
Second Vice President—W. E. Stacy,  
St. Cloud.  
Third Vice President—Miss Edith Kis-  
singer, St. Paul.  
Sec. Treas.—W. E. McEwen, Duluth.  
Federation Council—Messrs. Deacon,  
Turner and Spencer, of Minneapolis;  
Messrs. Henry, James and Walsh, St.  
Paul; Mr. Morrison, Mankato.

The convention of the State Federation of Labor closed last evening about 7 o'clock after one of the most stormy sessions in the history of the organization when the question of the selection of a president for the ensuing year was the all important one. William Templeman, of St. Paul, was finally elected after seventeen ballots had been taken, and it is thought by all the delegates present that the choice was a wise one in view of the many conditions that have arisen during the past year and at the close of the last session there was rejoicing and everyone "kissed and made up" and during the balance of the evening there was a regular love feast.

The selection of a president this year was important especially to the printers' craft as a war is about to be waged for an eight hour day in all job and book offices throughout the country and as Mr. Templeman is a printer, now being employed as proof reader for the West Publishing Company, of St. Paul, it is thought he will be of great assistance in this position. Besides this Mr. Templeman is a versatile gentleman, a good presiding officer and is one of the oldest trade unionists in the state.

The last ballot which elected Mr. Templeman was as follows: William Templeman 79, Henry Dix 58 and Thos. Van Lear 3.

The fight was a warm one throughout the balloting during the afternoon. When the balloting first commenced T. F. Thomas, of St. Paul, was a formidable candidate and Van Lear was also well up in the race. It was discovered after a few ballots had been taken that Thomas could not be elected and William Templeman was substituted, thinking he might draw a better vote, and this proved to be the case.

No Secret About It.

It is no secret, that for cuts, burns, ulcers, fever sores, sore eyes, boils, etc., nothing so effective as Buckle's Arnica Salve. "It didn't take long to cure a bad sore I had, and it is O.K. for sore eyes," writes D. L. Gregory, of Hope, Tex. 25¢ at H. P. Dunn & Co.'s drug store.

### PRETTY HOME WEDDING

Miss Celia, Youngest Daughter of Mr. and Mrs. Nels Erickson, United in Marriage to Mr. Robert A. McKay

There was a pretty home wedding last night at the residence of Mr. and Mrs. Nels Erickson, 923, Thirteenth street south, when their youngest daughter, Miss Celia Erickson, was given in marriage to Mr. Robert A. McKay, of Rush City, this state.

There were about sixty guests present when the beautiful but simple marriage service of the Baptist church was read by Rev. W. H. Walker. The marriage occurred at 8:30 o'clock and this was followed by a sumptuous wedding feast at 10 o'clock. The home was artistically decorated with a profusion of carnations, roses and palms and presented a most beautiful scene.

The bride was attended by the Misses Anna Lund and Evelyn Erickson and the bridegroom was attended by Mr. Oscar F. Erickson and Mr. Marvel Bradenber.

The bride is one of the most popular young ladies of East Brainerd and has a large circle of friends. The groom is a mail carrier at Rush City and has prepared himself with a beautiful home for the coming of the bride. There will be reception in their home on their arrival in Rush City. They leave tonight for the twin cities for a brief visit before returning home. Many Brainerd friends extend congratulations.

The bride was gowned in dress made of silk mull and carried bridal roses. Mr. Robert Johnson presided at the organ during the ceremonies.

### BUNCH OF HITS WON THE GAME

The Twins Did Things to the Duluth Aggregation in that City  
Yesterday Afternoon.

Duluth, Minn., June 15.—St. Cloud, Brainerd defeated Duluth in a game played here yesterday afternoon in which the bunching of hits by the twins was the feature of the game. Ronesh and Howell were each good for a home run. It was in the fourth that Miller, the Duluth twirler, got his bumps. Wing singled, Gilchrist singled and then there were some more singles. White hit and beat out a bunt. With the bases full Miller knocked down Ripley's blow and caught Wing at the plate. Harris drove one through Weiler and Gilchrist scored. Ronesh fanned but Nehr laced out a liner worth a base and Ripley and White came round. Howell's home run gave the visitors their other score in the ninth. Gilchrist pitched a good game for the St. Brains. The score:

## FLAGS TRANSFERRED

BATTLE EMBLEMS OF MINNESOTA  
REGIMENTS ARE TAKEN TO  
THE NEW CAPITOL.

## ESCORTED BY A BIG PARADE

VETERANS OF TWO WARS AND  
LITTLE CHILDREN PARTICI-  
PATE IN CEREMONIES.

St. Paul, June 15.—The battleflags borne by Minnesota regiments in two wars were transferred from the old capitol to the stately new capitol of the state during the day with appropriate ceremonies. Flag day was chosen for the impressive ceremonies and hundreds of old heroes of the Civil war gathered in this city from all parts of the state and from remote parts of the Union to form in line once more beneath the tattered old banners they followed through shot and shell in the battles of the Civil war. Battleflags of the Spanish-American war regiments were also deposited in the new capitol and all the emblems of Minnesota's military valor now repose in that edifice.

The parade that escorted the flags from the old capitol to the new was impressive. Fully 10,000 persons were in line, including tiny girlish tots with flags, Spanish war veterans, regulars from Fort Snelling, the First regiment, M. N. G., Sons of Veterans and the soldiers of the Civil war, who made a most pathetic spectacle as little groups or mere handfuls of aged men formed in rank behind regimental flags that had waved in the van of a thousand gallant soldiers, and whose tattered folds now fluttered above the few grey haired survivors of the once mighty host.

The battleflags of the Civil war regiments were delivered to the color bearers of the respective regiments at the old capitol and were then carried in the parade to the new capitol, where Archbishop Ireland, in an eloquent address, committed the sacred emblems to the care of Governor Johnson, who accepted the trust in a dignified address. At the conclusion of his speech the color guards, followed by the regimental organizations, marched up the steps and into the capitol rotunda, where the flags of both wars were deposited in the four cases arranged for their housing. The exercises were concluded by the benediction, pronounced by Rev. J. J. Lawler.

The eleven regiments of infantry and the cavalry and artillery troops held reunions during the forenoon and selected their color bearers.

The body of Colonel William Colvill, commander of the First Minnesota, who died Tuesday morning at the soldiers' home, lay in state at the new capitol and was viewed by many of his old comrades and thousands of other persons.

## CONFEDERATE VETERANS MEET.

Hold Their Annual Reunion in Louis-ville.

Louisville, Ky., June 15.—For the second time in five years the United Confederate Veterans and auxiliary organizations gathered in Louisville for their annual reunion, their reception under a blazing sun and with miles of brilliant bunting flying in the breezes, being in strong contrast to the weather conditions of five years ago, when record-breaking rains prevailed during the entire period of the reunion and even caused a postponement of the parade on the last day. The decorations this year are on a lavish scale and it is remarked that the American flag predominated.

Shortly after the noon hour General Bennett Young, commander of the Kentucky division, called the perspiring mass of humanity in the Horse-show building to order, and Chaplain General William Jones delivered the invocation.

A rousing reception was given Commander-in-Chief General Stephen D. Lee, when he arose to respond for the veterans to the addresses of welcome. The general was in splendid voice and his speech was interrupted many times by cheers. Cheers were given the few remaining great figures of the Confederacy as they made their appearance. The venerable Simon Bolivar Buckner, who is approaching his eightieth year, was heartily greeted and delivered a speech which would have done credit to a man of half his years.

Lieutenant General W. L. Cabell was accorded a hearty reception and that accorded General Joe Wheeler was second to none of the day.

## BEATEN BY ROBBERS.

Little Indiana Girl in a Dying Condition.

Shelbyville, Ind., June 15.—Mary Hall, five years old, is in a dying condition as the result of being beaten by robbers, who entered the Hill residence while the mother was absent on an errand. Bruce Britton, aged thirty-five, has been arrested at Prescott and two strangers are in jail here awaiting an investigation. At night crowds of angry men collected in various parts of the county and threatened violence to the assailants. It is believed that even now the guilty person will be summarily punished if sufficient evidence of guilt is discovered.

MRS. POTTER NOT INVOLVED.  
English Judge Convinced She Had  
Nothing to Do With Crime.

London, June 15.—In passing a sentence of five years' imprisonment on Alfred Fossick, a lawyer of Maidenhead, Berkshire, who has been found guilty of misappropriating \$60,000, the judge said he was convinced that Mrs. James Brown Potter had nothing to do with the action of the prisoner. During the trial of Fossick, counsel for the plaintiff said he had been informed by the prisoner that he had lent the money to Mrs. James Brown Potter. Mrs. Potter testified that Fossick, as her lawyer, undertook to raise from his clients a \$65,000 mortgage on her property at Maidenhead. The money was required to work the Savoy theater. Mrs. Potter said she never knew that Fossick personally advanced the funds.

## EIGHTEEN PERSONS WOUNDED.

Shell Explodes in a Gun on a British Warship.

Gibraltar, June 15.—During gun practice on board the British first-class battleship Magnificent, off Tenerife, a six-inch shell exploded. Eighteen persons, including four officers, were wounded, eleven of them seriously. The officers are among the seriously wounded. The explosion was due to a defect in the breech. The shell burst inside the gun. The wounded were brought here.

## Sings to His Jurors.

Minneapolis, June 15.—James Rivers, the colored singer, accused of having murdered his fellow actor, Richard Connors, was acquitted by the jury after two hours of deliberation. Rivers took an unusual way of showing his appreciation to the twelve men to whom he owes his liberty. He sang for them, and when he ended nearly every man of the twelve was wiping his eyes.

## TO IMPROVE BRITISH WHEAT

Plan in Operation That May Result in Desired Object.

Washington, June 15.—A plan to improve the quality of British wheat has been reported to the department of agriculture by its European agent. The report says that during the past two years experiments likely to result in important practical results have been carried on by the National Association of British and Irish Millers looking to the improvement of the quality of wheat grown in the United Kingdom. The decline which the industry in the United Kingdom has been long undergoing has for years attracted wide attention and the solution of the problem is chiefly to demonstrate by experiment the practical ability of improving native wheats in the property of strength. By this means it is claimed that the declining industry can be revived, successful competition with the best imported wheat made possible and the business of wheat growing in the United Kingdom ultimately restored to its formerly prominent economic position. The introduction and testing of seed wheat from foreign countries has been carried on a large scale. The general result has been that with a few exceptions all foreign wheats degenerate when planted in English soil. The most promising results seem to have been obtained from an improved red rye from the government experimental station, Ottawa, Canada. This wheat is now in its third year in England, shows great properties of strength, yields very abundantly and possesses remarkable adaptability.
